

Tampone salivare

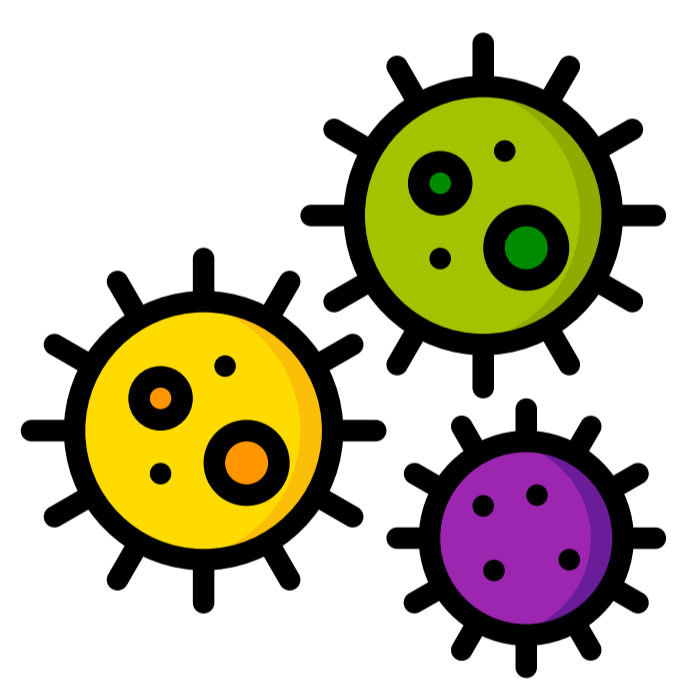

Determinazione
qualitativa di antigeni
e/o particelle virali
SARS-CoV-2

Innovativa analisi
colorimetrica

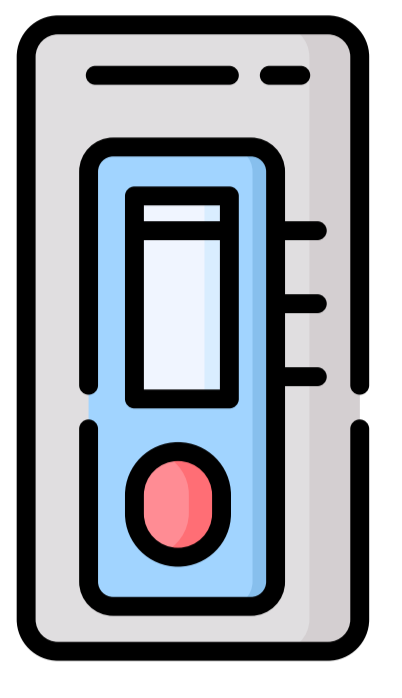

Tecnologia brevettata
100% made in Italy

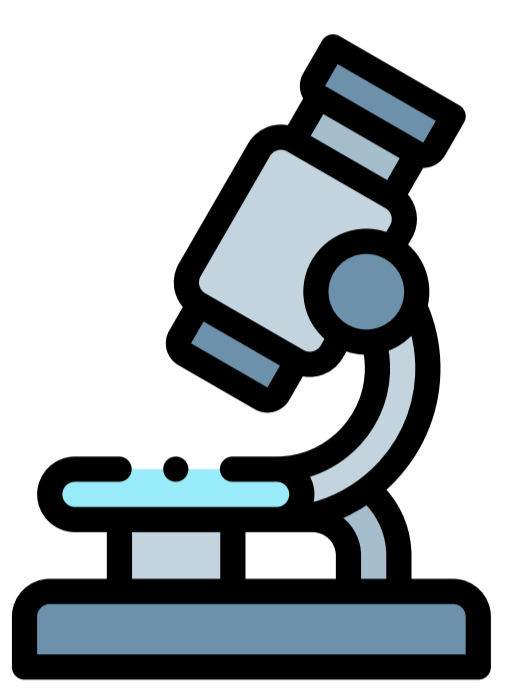

I 3 target antigenici
(E, M e S) eliminano il
problema delle varianti

TGS Velox Ab

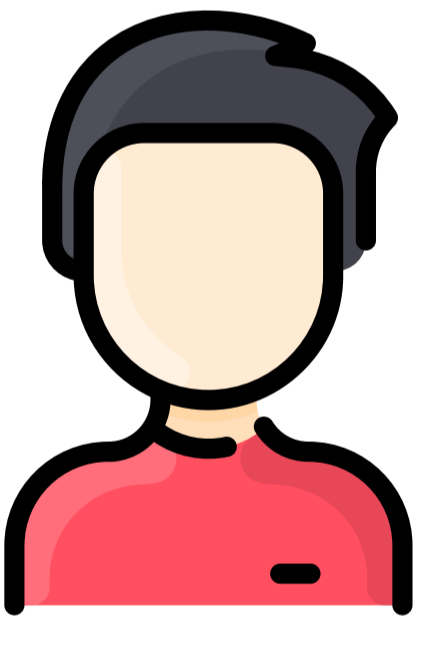

Test sierologico
pungi-dito
immunocromatografico

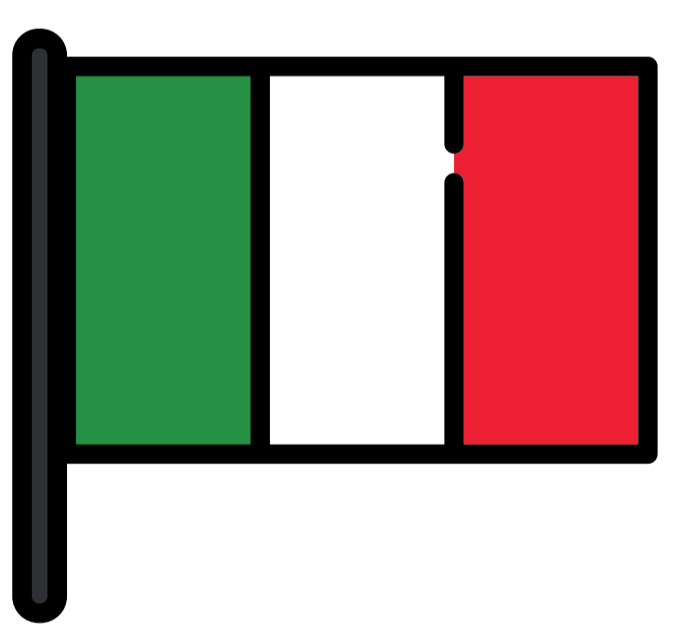

Identifica anticorpi
post-vaccino e le
infezioni naturali da
SARS-CoV-2

Validato con studi
di follow up delle
vaccinazioni in atto

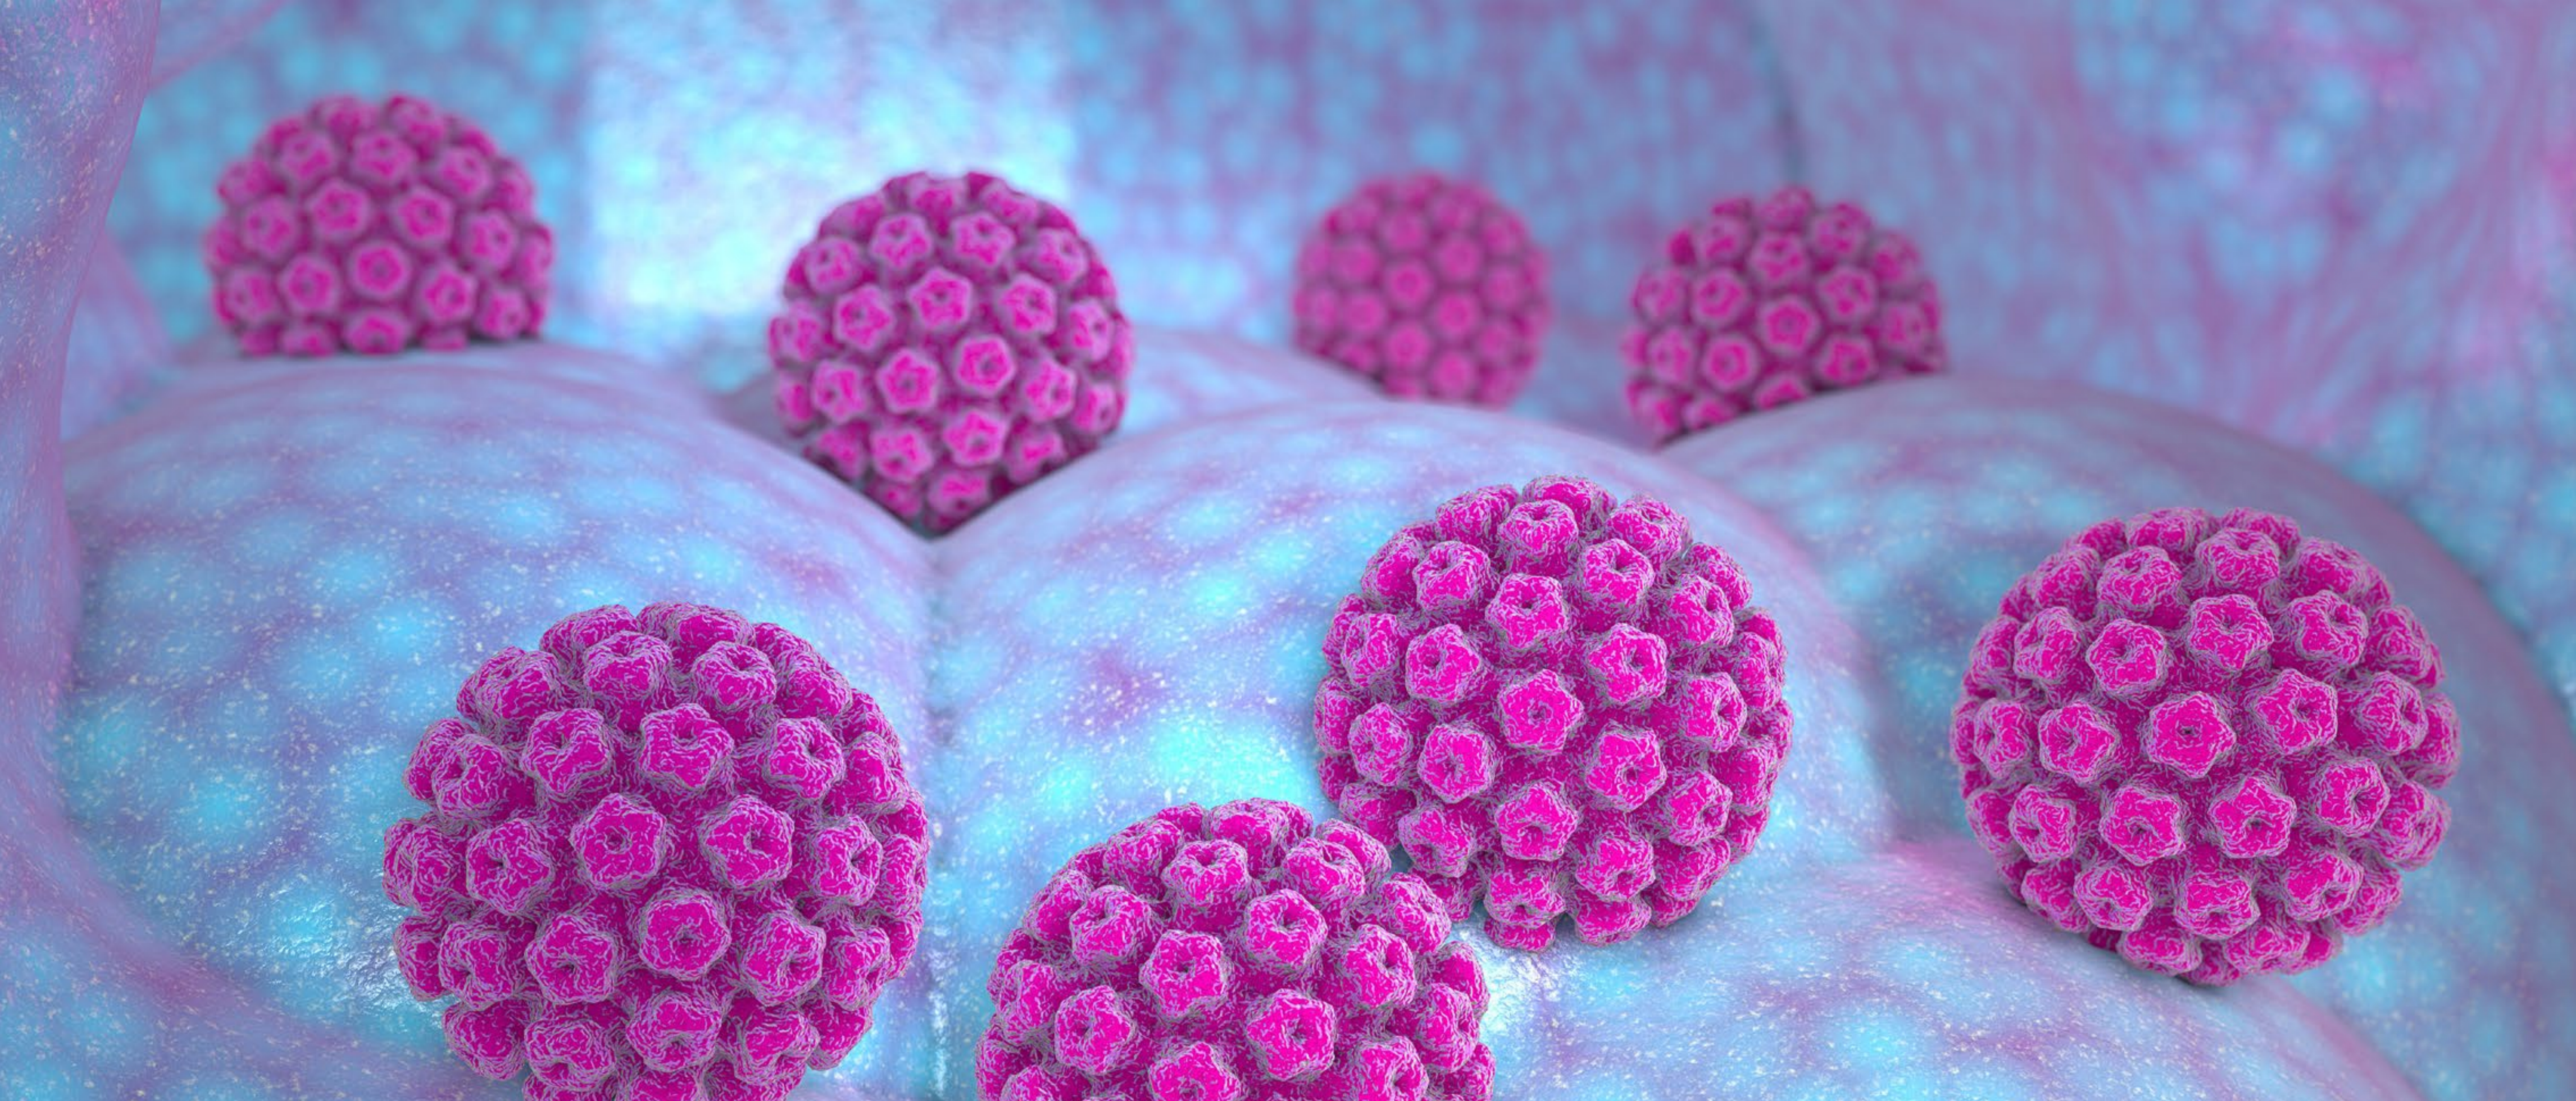

Unico prodotto POCT sul
mercato N+S

100% made in Italy

PREVENZIONE DEL PAPILLOMA VIRUS

*Due test salivari all'avanguardia
nella lotta all'HPV*

Test antigenico
colorimetrico
brevettato da TGS

Test molecolare
rapido POCT

**Un contributo innovativo
alla diagnosi precoce
dell'infezione da Papilloma
Virus**
